**Pneumonia more Fatal than Consumption**  
It is not generally known that more people die from pneumonia than consumption. This is because every one, young or old, is susceptible to its attacks after exposure. J. W. was determined to discover what merits it possessed. To this end I analyzed a bottle bought at haphazard from a drug store. The analysis showed 'Blood Wine' contained ingredients physicians prescribe in severe cases of kidney and liver troubles. I do not hesitate to say that 'Blood Wine' is a specific for the diseases mentioned."

**Some Reasons**  
Why Clarksburg People Should Follow This Valuable Advice.

Because the proof is in Clarksburg. You can easily investigate it. Not necessary to experiment. With some untired remedy. Profit by the experience of a citizen.  
A. J. Smallwood, general merchant, of 702 Pike street, W., says: "For two years I had attacks of dull aching across the small of my back. When a man can only sit still a short time without the dull aching in the loins making him restless, when morning after morning he is lame and sore just above the hips, when stooping or lifting aggravates the movement and generally brings sharp, piercing twinges, that man is only too pleased to emphatically endorse the means employed which brought relief. I saw Doan's Kidney Pills advertised in a Clarksburg paper and thinking they might at least help, if not stop, an attack, I went to Wells & Haymaker's drug store for a box. The treatment did me a great deal of good. My back at the present time is better and stronger than it has been for months. Let me add, I have been annoyed with itching hemorrhoids commonly called piles, for which I have used unlimited salves and ointments and tried all sorts of doctoring. As Doan's Kidney Pills could be depended upon, I thought Doan's Ointment might carry out the representations made for it. I used it and it proved decidedly satisfactory. These two preparations should be universally known."
